

Bigger is not better

Oversized garbage containers result in increased injuries to collection crews who lift and dump over 1,000 containers each day.

Garbage can size limits:

- Maximum diameter of 48 cm (19 in.)
- Maximum height of 84 cm (33 in.)
- Maximum volume of 121 L (32 gal.)
- Maximum weight of 23 kg (50 lbs.) at collection

All containers must have:

- Completely detachable lid
- Maintained in safe, sanitary and usable condition
- Two handles
