Dear Home Owner, Property Owner

**Re: Waterloo Spur Line Trail and Storm Drainage Improvements
Notice of Public Information Centre**

The Region of Waterloo invites you to attend a Public Information Centre for the construction of the Waterloo Spur Line Trail and Storm Drainage Improvements from Ahrens Street to Regina Street. This project includes the construction of an asphalt multi-use trail, lighting, signage and landscaping within the Waterloo Spur Line corridor linking the downtown core areas of Kitchener and Waterloo. The completed trail will form an important connection for pedestrians and cyclists to the existing GO/VIA Train Station and the future King/Victoria Multi-Modal Transit Hub. In conjunction with the trail, the existing storm drainage system south of Union Street within the City of Waterloo will be replaced in order to improve drainage during rainfall events. Construction is scheduled to start in May 2015 and be completed by October 2015.

Interested parties are invited to attend an informal "drop-in" Public Information Centre:

Date: Thursday February 26, 2015
Time: 6:30 PM to 8:30 PM
Location: Region of Waterloo Office – Front Lobby
150 Frederick Street, Kitchener

At the Public Information Centre you will be able to review the construction drawings for the trail and storm drainage improvements, ask questions of staff from the Region of Waterloo and provide comments regarding the construction of the project.

If you are unable to attend the Public Information Centre and would like to make your views known, please submit your written comments by Thursday, March 12, 2015 to:

Mr. Peter Linn, P.Eng.
