## Notice of Study Commencement

### Municipal Class Environmental Assessment

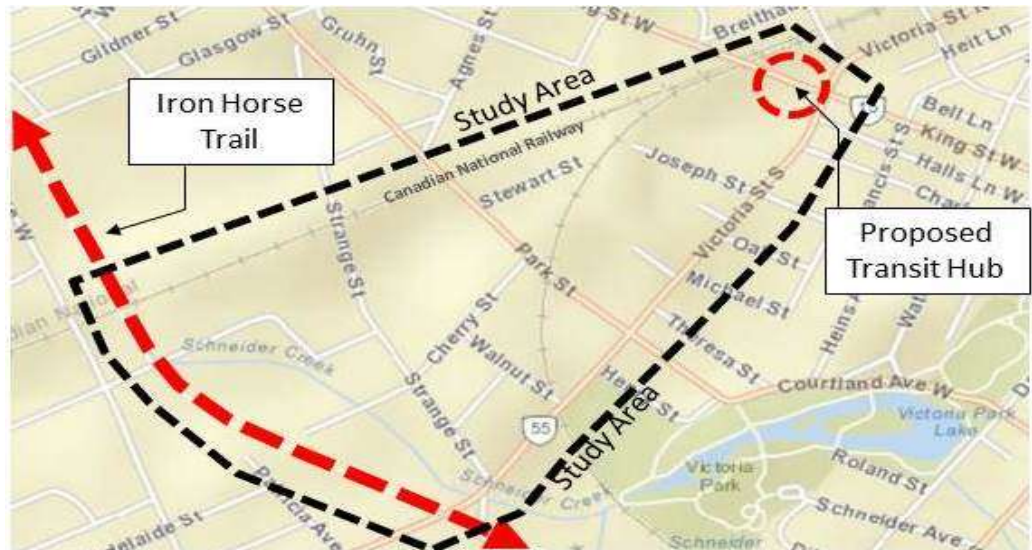

#### Iron Horse Trail to Future Transit Hub Access Improvements

#### The Study

The Region of Waterloo wants to improve the cycling and walking connection between the Iron Horse Trail and the planned Transit Hub at the intersection of Victoria Street and King Street. This study will identify potential alternative routes, evaluate the alternatives, select a preferred route and prepare the preliminary design. The evaluation will identify the constraints, impacts, costs, and opportunities to mitigate any impacts. The Region will follow “Schedule B” of the Municipal Class Environmental Assessment in accordance with the Ontario Environmental Assessment Act.

#### Please Participate

Residents are invited to provide comments at any time. Later this spring, the Region will host a Public Consultation Centre to present the progress on the study.

#### For more information, please contact:

**Hanan Wahib, Region of Waterloo**  
Senior Transportation Planning Engineer  
T: 519-575-4811
