Investing in Our Community Infrastructure

The Region of Waterloo collects development charges to help pay for infrastructure needed to support growth throughout Waterloo Region. Here are some examples of how the Region has invested the money collected through Regional Development Charges into community infrastructure:

**Water/Wastewater**
- Middleton Water Treatment Plant Upgrades, Cambridge
- Elmira Waste Water Treatment Plant Upgrades, Township of Woolwich
- Waterloo Waste Water Treatment Plant Upgrades, Waterloo

**Roads and Bridges**
- Fairway Road Extension and Bridge, Kitchener
- Delta Intersection (Highways 8 and 24) Road Construction and Grade Separation, Cambridge
- Ira Needles Boulevard and Roundabouts, Kitchener/Waterloo
