

***NEW* Special Needs Access Point Referral Package**

Important Instructions for Completing a SNAP Referral

In order to provide better service and reduce the steps required for intake, it is no longer necessary to phone SNAP to refer a child. Below is the **new process** for making a referral:

- 1. Discuss your concerns with the child's parent or guardian.**
- 2. Tell the parent about the services available through the Special Needs Resourcing Collaborative** on page 2 of this package. It is important that the parent/guardian understands that their child may receive support from one or more of the special needs resourcing agencies. ***Give the parent the information sheet to keep as a reference*.**
- 3. The "Consent to Share Information" and "Referral and Intake" form *must* be completed by the referral source **together with the parent/guardian.****

Please do not send this package home with the parent to complete

- **The Consent to Share Information** is required to complete the referral to the appropriate agency(s). Carefully review the consent with the parent/guardian to ensure they understand the information and services they are consenting to.
- **The Referral and Intake Form must be reviewed with the parent/guardian to ensure accuracy and that they are fully aware of all information documented and shared.**
- For **Re-referrals to SNAP**, complete a new consent form and the SNAP Re-Referral form located on the SNAP website.

4. Fax or mail the completed consent and referral form to:

Resource Coordinator, Special Needs Access Point
Region of Waterloo, Children's Services
99 Regina Street S., 5th Floor
Waterloo, ON
N2J 4G6
Fax: 519-883-4288

Due to privacy policies referrals sent by email will not be accepted

The SNAP Resource Coordinator will review the referral form to determine which service(s) will be most beneficial in supporting the child and will forward the referral to the appropriate agency(s). The referral source and parent will receive confirmation via phone or email of the services that have been coordinated.

If you have questions or need assistance please contact the SNAP Resource Coordinator at 519-883-2022.

Special Needs Resourcing Services in Waterloo Region

A partnership funded by the Region of Waterloo Children's Services that ensures all children and their families can fully participate in quality, inclusive Early Learning and Child Care.

 <p>Special Needs Access Point (SNAP)</p>	 <p>Early Learning, Child Care and Family Resources</p>
<p>A single point of access for referral(s) to services and supports for children in licensed child care including:</p> <ul style="list-style-type: none"> • Developmental screening • Service coordination • Information and resources for families 	<p>Resource Consultants provide support for children with developmental and/or social-emotional concerns including:</p> <ul style="list-style-type: none"> • Developmental screening • An individualized plan to support the child's development • Service coordination • Ongoing consultation and monitoring • Additional program support for children with complex needs • Information, training and resources for educators and families

 <p>SPOT Program</p>	
<p>Physiotherapy: assesses trunk control, balance, physical abilities in the classroom and on the playground, muscle power, joint stiffness. Assessment of muscle tone involves the therapist moving the legs through the range of motion.</p> <p>Occupational Therapy: assesses play, social, and hand skills (e.g. scissor and pre-printing skills), attention to task, sensory processing, and self-help skills (e.g., dressing, feeding, toileting).</p> <p>Kinesiology: assesses the physical environment and suggests enhancements, assists child with physical skill development, promotes safe and active participation for all children.</p> <p>Speech Language Pathology: assesses voice, fluency (e.g., stuttering), resonance (e.g. movement of air through the nose), sound production, oral motor skills, feeding, expressive language, comprehension, and social communication.</p>

COMMUNITY SERVICES

Special Needs Access Point (SNAP)

Consent to Share Information

The Special Needs Access Point (SNAP) represents a group of agencies that support children in licensed child care programs in Waterloo Region. All referrals to the services listed below must be processed through SNAP in order to activate service. The following agencies could provide service to children in any licensed child care program:

- Region of Waterloo - Special Needs Access Point (SNAP)
- K-W Habilitation – Early Learning, Child Care and Family Resources
- KidsAbility – (Speech-Language Pathology/Occupational Therapy/Physiotherapy/Kinesiology)

I, _____ give consent for my child _____, born on, _____, to be referred to one or more of the agencies listed above.

I acknowledge the following by signing below:

- I have been informed of the role these services may play in meeting my child's needs.
- The SNAP Referral Form will be shared with the appropriate agency(s) listed above.
- My child's skills and development will be screened or assessed by the appropriate agency(s) listed above. KidsAbility assessments (if applicable) will be scheduled at the childcare location to observe and assess my child's development either in the group or individually in a separate, quiet space with fewer distractions.
- Verbal and/or written information, assessments, and reports will be shared between the relevant agencies listed above and with my child's early learning program for the purposes of planning and implementing an individualized program for my child.
- Information collected is used to respond to my child's needs, refer to appropriate services and provide data for planning and evaluation
- I understand I have the right to refuse my consent for the participation of any of the agencies at any time.

I consent to receive email communication from the appropriate agency(s) listed above to schedule appointments or confirm referrals made. **Yes** **No**
