

Cedar Creek Road & Trussler Road Roundabout

Information Sheet

Proposed Single Lane Roundabout

Based on technical studies, current experience with the Region's existing roundabouts and input received from the public regarding this project, staff have proposed a single-lane roundabout at Cedar Creek Road and Trussler Road for the following reasons:

- The roundabout would result in fewer injury collisions than the signalized intersection; and
- The roundabout would result in fewer delays to all users.
- Life Cycle cost of the roundabout was equal or better than that of the traffic signal with left turn lanes
- the roundabout would also reduce idling times resulting in fuel savings and reduced vehicle emissions.

Given the clear benefits of a roundabout when compared to the existing traffic signals, staff have recommended the implementation of a single-lane roundabout at the intersection of Cedar Creek Road and Trussler Road.

Preliminary Cost Estimate (Budget): \$ 1,495,000.00

Preliminary Schedule

Planning and Works Committee	May 10, 2022
Commencement of Detailed Design:	Fall 2022
Utility Relocations	Winter 2024
Commencement of Construction:	May 2024
Completion of Construction:	September 2024

Project Information

Notice of Construction	April 23, 2024
Staging Plan	April 2024
Detour – Stage 1	
Detour – Stage 2 and 3	
Project Approval Report	May 3, 2022
Project Key Plan	April 2022
Letter to Impacted Property Owners	January 2022
