

Ottawa Street (Regional Road #4), Kitchener

Pattandon Avenue to Imperial Drive

Class Environmental Assessment Study Information Sheet for Schedule A+ Projects

Study/Project Scope (What & Why):

Ottawa Street from Pattandon Avenue to Imperial Drive is a 4 lane roadway. This section of Ottawa Street is designated as a cycling route. The following needs along this corridor have been identified and are to be addressed in this project:

- Poor pavement condition throughout project limits;
- Repairs/replacement to deteriorated underground Regional and City watermains and sewars;
- Roadway super-elevation corrections in the Hoffman Street intersection to address a high number of accidents during inclement weather conditions;
- Provision of sections of new sidewalk where none currently exist; and
- Opportunity to bring land widths up to current Regional Standards.

Preliminary Cost Estimate (Budget):

\$2,430,000.00

Preliminary Project Schedule

Commencement of Construction:

Spring/Summer 2019

Completion of Construction:

Fall 2019
