

Lancaster Street Reconstruction
Wellington Street to Bridgeport Road
City of Kitchener

Class Environmental Assessment Study
Information Sheet for Schedule A+ Projects

Study/Project Scope (What & Why)

The overall condition of the roadway is deteriorating and is in poor condition. In addition, underground services are over 80 years old and must be replaced due to on-going maintenance and repair issues. This project consists of road reconstruction, intersection improvements, storm and sanitary sewer and watermain replacement and the construction of active transportation facilities. Construction is expected to be undertaken in phases over several years starting in 2021.

Preliminary Cost Estimate (Budget): \$13,500,000
