

Fischer-Hallman Road (Regional Road 58), Columbia Street West to Westmount Road North, Waterloo

Class Environmental Assessment Study Information Sheet for Schedule B and C Projects

Study/Project Scope (Why and What):

The 2018 Regional Transportation Master Plan (RTMP) update has identified this section of Fischer-Hallman/Bearing Road) for widening from 2 to 4 lanes due to traffic growth. It also identifies this corridor for active transportation (e.g. pedestrians and cyclists) and transit facilities.

As such, the Regional Municipality of Waterloo has undertaken a Schedule C Class Environmental Assessment (EA) and preliminary design. Detailed design for construction of the improvements on Fischer-Hallman/Bearing Road (Regional Road 58) from Columbia Street West to Westmount Road North in the City of Waterloo will follow.

Preliminary Cost Estimate (Budget): \$18,010,000

Preliminary Schedule:

Commencement of Study (EA)	2017
Commencement of Detailed Design	2020
Commencement and Completion of Construction	2024-2025

Project Information

ESR Addendum No. 1 – Rev. Appendix F, Notice of Completion	June 11, 2020
Notice of Study Completion	June 9, 2020
Environmental Study Report	June 9, 2020
Public Consultation Centre 2 – Comments and Responses	November 2019
Public Consultation Centre 2 Display Boards	November 4, 2019
Public Consultation Centre 2 Package	October 31, 2019
