

(RR12) New Dundee Road Rehabilitation (Executive Place to 250m east of Reichert Drive

City of Kitchener

Project Scope

The overall condition of the roadway is deteriorating and is in poor condition. In addition, developer underground services are being proposed and are currently planned to be constructed at the same time as the road improvements. This project consists of full depth pavement reconstruction, widening to accommodate active transportation facilities, eastbound left turn lane at Pinnacle Drive, westbound turn lane at 525 New Dundee Road and a 3.0m wide multi-use path on the north side (from Robert Ferrie Drive to Pinnacle Drive). Construction is expected to be completed in a single season and is currently planned for construction in 2024.

Preliminary Cost Estimate (Budget): \$4,382,000 (From 2023 TCP)
