B	I	N	G	O
I use two or more blue boxes or grey/blue carts for recyclables.	I know that blue boxes and green bins are picked up every week.	I do the two-box sort. One box for containers only. Another box for paper and plastic bags.	I know that candy bar and granola wrappers are garbage.	I line the green bin with a paper or certified compostable bag.
I put food scraps and peels in the green bin.	I corrected a recycling or sorting error in my home.	I used Waste Whiz to figure out where an item goes.	I use re-useable containers for my lunch.	I helped with meal planning to reduce food waste.
I rinse containers so there is little to no food left in them.	I put single-use containers like yogurt and pudding in the blue box.		I know that items in the green bin turn into compost.	I helped put waste to the curb by 7 a.m. on our collection day.
I have a water bottle that I reuse.	I put an empty drinking box in the blue box and its straw in the garbage.	This week, I am responsible for sorting the blue boxes at home.	There is a green bin in my home.	I know that pet waste wrapped in paper goes in the green bin.
I separate a glass jar from the lid before they both go in the blue box.	I reused something this week.	I put boxboard in the blue box. Boxboard = cereal, cracker or tissue box.	I gave a waste management tip to a friend.	I know that gum goes in the garbage.
