

# Bigger is not better

Oversized garbage containers result in increased injuries to collection crews who lift and dump over 1,000 containers each day. Put all garbage in bags and tie all bags securely closed. Loose garbage will not be collected.

## Thanks for buying the right type of garbage can! This helps:

- Drivers to collect garbage safely and efficiently.
- Containers must have detachable lids, two handles, and maintained in a usable condition Maximum height of 84 cm (33 in.)
- Maximum volume of 121 L (32 gal.)
- Maximum weight of 23 kg (50 lbs.) at collection

## All containers must have:

- Completely detachable lid
- Maintained in safe, sanitary and usable condition
- Two handles
