

# 2021 Waterloo Wellington Children's Groundwater Festival

Virtual Festival: Monday May 17—Thursday May 20

Registration  
Now Open!!

- ◆ Live Event (on-line)
- ◆ Curriculum Learning Opportunities
- ◆ Teacher Resources
- ◆ Meet Water Industry Professionals
- ◆ Book your class @ [www.wwcgf.com](http://www.wwcgf.com)

This year's festival looks a little different but still provides the great content you count on to teach your students about water.

WWCGF 2021 Virtual Festival takes place over four days. Can't make all four days? The event will be recorded to watch when convenient for you and your students. But you must register! Program starts @ 10:00 a.m. (for approx. 90 minutes)

**May 17: Water everywhere!** Learn about the water cycle, states of water and what we can do to help take care of this important resource.

**May 18: We all live in a watershed.** Learn about watersheds, how water systems are connected, the Great Lakes and what we can do to reduce the impacts of plastics on the oceans.

**May 19: Groundwater a hidden treasure.** Learn about groundwater, why it is important to our community as our drinking water and what it takes to move groundwater to our homes.

**May 20: The technology we use to move water.** Go behind the scenes to learn about the technology and steps to manage stormwater, provide clean drinking water and what happens to "it" after we flush our toilets.

**Registration open now at [www.wwcgf.com](http://www.wwcgf.com)**

No Charge for students (free event)
