

Notice of Virtual Public Consultation Centre #3 Baden and New Hamburg Water and Wastewater System Servicing Review

The Region of Waterloo (Region) has initiated a Servicing Review to assess the current water and wastewater systems in the communities of Baden, New Hamburg and Foxboro Green to assess current and future needs. Alternative solutions have been developed and were evaluated. The following Preliminary Preferred Alternatives are being presented at Public Consultation Centre (PCC)#3 for public review and comment:

1. Increasing water storage capacity at the New Hamburg Water Treatment Plant.
2. Upgrading the Baden Pump Station and construction of a new forcemain and connecting directly to the New Hamburg Wastewater Treatment Plant.
3. Connecting Foxboro Green to the Baden sewer and water supply system.

This Servicing Review is being undertaken to fulfill the requirements of Schedule B projects, following Phases 1 and 2 of the Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015), which is an approved process under the Ontario Environmental Assessment Act.

How can I participate in this Study?

This PCC#3 is being held online through the Region's YouTube channel to present the preliminary preferred alternatives related to the future water supply system and wastewater treatment and collection system. Additional information and background on the study can be found on the Region's website or at the links below. We encourage all those who are interested to review the information and contact a member of the project team if you have any questions, comments, or would like to provide input on the study. The PCC materials will be available as follows:

Where: <https://www.youtube.com/regionofwaterloo>
<https://www.regionofwaterloo.ca/CurrentWaterProjects/>

When: Tuesday, June 7, 2022 to Thursday, July 7, 2022

Please contact one of the following team members if you have any questions or comments or would like to be added to the project mailing list. You can also fill out the comment sheet on the Region's website and provide that to one of the following team members by Thursday, July 7, 2022.
