Notice of Study Commencement and Public Consultation Centre No. 1

Spring Valley Sewage Pumping Station Schedule B Class Environmental Assessment

What is this study all about?

The Regional Municipality of Waterloo (Region) is initiating a Municipal Class Environmental Assessment (Class EA) Study for the Spring Valley Sewage Pumping Station (SPS), located at 365 Riverbend Drive in the City of Kitchener. The Spring Valley SPS services homes and businesses in the northeastern area of the City of Kitchener. The Spring Valley SPS Class EA will review and provide recommendations for improvements to the station to provide continued reliable operation in the future, including:

- Meeting future servicing requirements,
- Increasing operating flexibility and reliability, and
- Meeting current industry standards and best practices.

How is this study being done?

This study is a Schedule 'B' project in accordance with the requirements of the Municipal Class EA process (October 2000, amended in 2007, 2011, and 2015), which is an approved process under the Ontario Environmental Assessment Act.

How can I participate in this study?

Interested parties are invited to attend a public consultation centre

The Region invites residents to a public consultation centre to learn more about the study, including a description of the study area and key project milestones.

- The public consultation centre will be held:

Date / Time:	Thursday, June 6, 2019 – 5:00 p.m. to 7:00 p.m.
Location:	Breithaupt Community Centre, Room 109 350 Margaret Ave, Kitchener, ON N2H 4J8

If you are unable to attend, the public consultation material will be available on the Region's website at: <https://www.regionofwaterloo.ca/en/living-here/current-projects.aspx>
