NOTICE OF PUBLIC CONSULTATION CENTRE

EAST SIDE LANDS WASTEWATER SERVICING ENVIRONMENTAL ASSESSMENT

The EA Study

The Region of Waterloo is undertaking a Class Environmental Assessment (Class EA) for the provision of wastewater servicing to the area known as the “East Side Lands”. The goal of the Class EA is to establish a long-term solution for servicing the entire East Side Lands.

This Class EA study will build on the approved East Side Lands Master Environmental Servicing Plan and the Region’s 2007 Wastewater Treatment Master Plan, both of which have included extensive public consultation in the past.

The Municipal Class Environmental Assessment Process

This study is being planned under ‘Schedule ‘B’ of the Municipal Class EA.

A preferred alignment has been identified for the proposed wastewater servicing pipe that will connect the East Side Lands to the Kitchener Wastewater Treatment Plant (WWTP). A preferred wastewater transfer option has also been identified, which includes the use of sewers without the need for a pumping station. A dedicated service bridge for the sewer pipe is proposed across the Grand River to direct wastewater flows to the Kitchener WWTP.

We Want to Hear from You

The Public Consultation Centre (PCC) has been scheduled to receive input and comments on the project from interested members of the public:

Tuesday, November 8th, 2016
5:00 p.m. to 7:30 p.m.
Deer Ridge Golf Club
200 Deer Ridge Drive, Kitchener, ON  N2P 2K5
