

## Notice of Virtual Public Consultation Centre #2 Baden and New Hamburg Water and Wastewater System Servicing Review

The Region of Waterloo (Region) has initiated a System Servicing Review (Study) to assess the current water and wastewater systems that serve the communities of Baden, New Hamburg and Foxboro Green (see study area map) and assess current and future servicing needs.

Building on Public Consultation Centre (PCC) #1, the Study has reviewed existing conditions related to the capacity and quality of the supply from the existing water supply system and the capacity and condition of the wastewater treatment and collection system. It has developed a series of possible alternatives for evaluation. These alternatives are being presented at Public Consultation Centre (PCC) #2 for stakeholder review and comment.

This Study is being undertaken to fulfill the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment document (October 2000, as amended in 2007, 2011 and 2015), which is an approved process under the Ontario Environmental Assessment Act.

### How can I participate in this Study?

A second PCC#2 is being held online through the Region's YouTube channel to present the preliminary recommendations related to the planned future capacity and quality of the supply from the existing water supply system and the planned future capacity and condition of the wastewater treatment and collection system. Additional information and background on the study can be found on the Region's website or at the links below. We encourage all those who are interested to review the information and contact a member of the project team if you have any questions, comments, or would like to provide input on the study. The PCC#2 materials will be available as follows:

**Where:** <https://www.youtube.com/regionofwaterloo>  
<https://www.regionofwaterloo.ca/CurrentWaterProjects/>

**When:** Tuesday, December 7, 2021 to Wednesday, January 12, 2022

Please contact one of the following team members if you have any questions or comments or would like to be added to the project mailing list. You can also fill out the comment sheet on the Region's website and provide that to one of the following team members by Wednesday January 12, 2022.

Kaoru Yajima  
Project Manager  
Region of Waterloo, Water Services

All comments and information received from individuals, stakeholder groups and agencies regarding this project are being collected under the authority of the “Municipal Act” to assist the Region of Waterloo in making a decision. Under the “Municipal Act”, personal information such as name, address, telephone number, and property location that may be included in a submission becomes part of the public record. Questions regarding the collection of this information should be directed to Kaoru Yajima at the Region of Waterloo.

This Notice was first issued on December 1, 2021.
