NOTICE OF WASTE COLLECTION BY-LAW VIOLATION

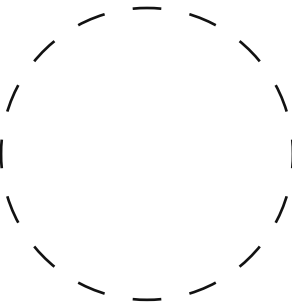

Please remove all items from the curb immediately and prepare according to Region of Waterloo Waste Collection By-law No. 021-11:

- 4 - No person shall place non-collectable waste for waste collection.
- 8 - Collectable waste and recyclable waste shall be placed for waste collection on the premises where the waste was generated.
- 10 - Collectable waste or recyclable waste shall be placed for waste collection after 7 p.m. on the day preceeding collection day and before 7 a.m. on collection day.
- 11 - Collectable waste containers or recyclable waste containers placed for waste collection and any collectable waste, recyclable waste or non-collectable waste which has not been collected shall be removed after waste collection has occurred and before 9 a.m. on the day following collection day.
- 14 (d) - Neither collectable waste or recyclable waste shall be placed for waste collection such that it exceeds 23 kilograms (50 pounds) in weight.
- 14 (e) - Neither collectable waste nor recyclable waste shall be placed for waste collection such that it is put in a container which is not maintained in a safe, sanitary and usable condition.
- 14 (f) - Neither collectable waste nor recyclable waste shall be placed for waste collection such that it is not placed on ground level or on a platform not more than 12 centimeters (5 inches) in height above ground level.

WASTE MANAGEMENT

- 14 (g) - Neither collectable waste nor recyclable waste shall be placed for waste collection such that it is not clearly visible or easily accessible to the individuals carrying out waste collection.
- 17 (a) - Before garbage is placed for waste collection, it shall be put in a container which is a reusable, rigid cylinder not exceeding 48 centimeters (18 inches) in diameter, 84 centimeters (32 inches) in height and 121 liters in volume with two handles at the top on either side of the container with a watertight, removable lid or a securely tied, plastic disposable, water-proof bag, 65 centimeters (26 inches) by 90 centimeters (36 inches) when empty.
- 22 - Before yard waste is placed for waste collection, it shall be put in a container which does not exceed 48 centimeters (19 inches) in diameter, 84 centimeters (33 inches) in height and 121 liters (32 gallons) in volume with two handles and a removable lid; or paper yard waste bag.
- 26 - Before recyclable waste is placed for waste collection, it shall be put in a container approved by the Region for recyclable waste. Maximum 60 centimeters (24 inches) wide x 40 centimeters (16 inches) high.
- 28 (c) - Before being placed for waste collection, cardboard shall be flattened and securely tied with string in bundles not exceeding 75 centimeters (30 inches) by 75 centimeters (30 inches) by 20 centimeters (8 inches).

Your cooperation in this matter is appreciated.
