22. Adjourn
February 11, 2015

Dear Chair Seiling and Members of Regional Council:

On behalf of the Waterloo Region Crime Prevention Council (WRCPC), it is my pleasure to present for your consideration and ratification the WRCPC membership slate for 2015 (attached). This slate was approved by WRCPC at its regular meeting on January 9, 2015. Election of the WRCPC Executive (Chair, Vice-chair & Facilitating Committee) will take place at the inaugural meeting on February 20, 2015.

You will recall that as part of the past strategic directions (2010-2014) WRCPC engaged in organizational redesign with the goal of “establishing the best foundation for social change oriented crime prevention” (Smart on Crime in Waterloo Region). This led to the sector leadership model for membership and the establishment of the Friends of Crime Prevention program. These efforts aim to address the growing interest from within the community to be directly involved at the WRCPC table leading to more requests for membership than can reasonably be accommodated. The sector leadership approach, as reflected in the attached slate, expects that all members of WRCPC are a conduit between the Crime Prevention Council and those belonging to his/her sector. This is accomplished through special meetings, sharing information through social media and bringing crime prevention to agendas of existing sector networks such that it broadens the communication and engagement from the sector leaders only to potentially over 300 persons at any one time.

Additionally, the Friends of Crime Prevention program was launched in October 2012. While all meetings of the WRCPC are open to the community and advertised as such, three meetings of the WRCPC each year actively invite those who have signed up as Friends to participate in collaborative problem solving of local crime prevention challenges. Some meetings have been attended by over 100 persons representing a broad network of individual and organizational connections that can contribute to the well-being and safety of the community. Since the launch of the Friends program we have hosted six such meetings and through that mechanism have attended to issues as diverse as marginalized youth, the power of social media, violence against LGBTQ community, neighbourhood-based policing, the meaning of collaboration and the showcasing of persons in Waterloo Region that make our community safer through their everyday actions.
Finally, you will notice that we are proposing to introduce an honourary, non-voting lifetime membership for those members of WRCPC who completed their ten-year maximum term and have taken on the role of Chair during that tenure. This allows WRCPC to retain organizational and subject matter memory.

Against this backdrop, we trust that the 2015 slate meets with your agreement. I, together with staff, will be present at the February 11 meeting of Regional Council to address any concerns or questions with regard to these changes.

On behalf of WRCPC, I want to thank you for your outstanding support of our efforts throughout the years. We look forward to another productive year working with you and our many community partners for a safe and vibrant Waterloo Region.

Sincerely,

William Wilson
Chair, WRCPC

To: Regional Chair Ken Seiling and Members of Regional Council  
Date: February 11, 2015  
File Code: F18-30  
Subject: T2014-107 William Street Pumping Station Electrical Upgrade Phase 2

Recommendation:

That the Regional Municipality of Waterloo accept the tender of Harold Stecho Electric Ltd. for the William St. Pumping Station Electrical Upgrade Phase 2, in the amount of $417,653.65 including all applicable taxes;

And that the Regional Municipality of Waterloo amend the preliminary 2015-2024 Water Capital Program by advancing funds in the amount of $150,000 from the year 2016 to year 2015 and $150,000 from the year 2017 to year 2015 to fund the estimated total project cost.

Summary: Nil

Report:

Tenders were called for T2014-107 William Street Pumping Station Electrical Upgrade Phase 2 and were advertised in the Record, Daily Commercial News, on the Ontario Public Buyer’s Association website and on the Region’s website. Tenders were received and opened in the presence of P. Balint, C. Bogusat and A. Dooling.

The following tenders were received:

Harold Stecho Electrical Ltd. Waterloo, Ontario $417,653.65  
Sheridan Electrical Services Mississauga, Ontario $474,600.00

*One bid was disqualified
The work under this contract includes the replacement of the switch gear, installation of a motor control center, new wiring, and upgrading of electrical equipment and control systems. The William St. Pumping Station’s most recent electrical system upgrade was installed in the 1950’s and is at the end of its service life. The Region’s consultant has recommended that all electrical equipment be replaced to meet water demands for the next 20 years.

All work to be completed under this contract will be in accordance with the existing Water Taking Permits and Drinking Water Works Permits and Licenses. Electrical Safety Authority (ESA) approval is required prior to commencing work.

Subject to Council approval, it is anticipated that the contractor will commence work in mid February. It is anticipated that construction will be complete by August 30, 2015.

**Corporate Strategic Plan:**

Award of this contract meets the Corporate Strategic Plan objective to develop, optimize and maintain infrastructure to meet current and projected needs under Strategic Focus Area 2 Growth Management and Prosperity.

**Financial Implications:**

Sub-total $471,253

Less: Municipal Rebate of 86.46% of HST (11.24%) $(46,378)

Total $424,875

The preliminary 2015 Water Capital Program includes a budget of $200,000 in 2015, $150,000 in 2016 and $150,000 in 2017 for a total of $500,000 for upgrades to the William St. Pumping Station (project #04039), to be funded from the Water Reserve Fund and Development Charge Reserve Fund. The contractor is able to complete the work in 2015 and it is recommended that $150,000 be advanced from the project budget in both years 2016 and 2017 to year 2015.

The final date of acceptance for this tender is February 27, 2015.

Subject: P2014-50 Removal/Disposal Services for Backwash Water Sludge

Recommendation:

That the Regional Municipality of Waterloo accept the proposal of Bio Bob’s Corporation for the Removal/Disposal Services for Backwash Water Sludge for a five (5) year term effective February 12, 2015 and two (2) additional one (1) year renewal options at a total cost of $376,629.00 including all applicable taxes.

Summary: Nil

Report:

Proposals were called for Contract P2014-50 for the Removal/Disposal Services for Backwash Water Sludge and were advertised in the Record, on the Ontario Public Buyer’s Association website and on the Region’s website. Proposals were opened in the presence of A. Dooling, C. Bogusat, and A. Lee.

The following proposals were received:

Bio Bob’s Corporation  Breslau, ON
Accuworx Inc.  Brampton, ON

The work of this contract includes scheduled and emergency/unscheduled removal and disposal of backwash water sludge from fourteen (14) small water treatment facilities. The annual cost is based on a unit cost and a sludge removal schedule. When emergency/unplanned work is required, a unit cost is also used. The estimated cost for planned disposals is $42,393 (net of HST rebate) annually while estimated costs for emergency/unplanned disposal is $25,440 (net of HST rebate) annually. The contract is for a five (5) year term with the option to renew for two (2) one (1) year renewal options.
The proposals were evaluated using pre-determined technical criteria which included work methodology, project team, experience, workplan & schedule, and price. The proposal submitted by Bio Bob’s Corporation obtained the highest overall score.

Nine (9) proponents accessed the bid documents, however, only two (2) proponents submitted proposals. The lack of bidders can be attributed to a few factors including being located too far from the Region, not having the necessary equipment required to perform the work and not able to meet legislative requirements.

Bio Bob’s Corporation has a working relationship of over two decades with the Region and is familiar with the Region’s facilities, policies and procedures.

All work to be done under this contract will be in accordance with the Safe Drinking Water Act, 2002 and all applicable standards and regulations.

The final date of acceptance for this proposal is February 12, 2015.

**Corporate Strategic Plan:**

Award of this contract meets the Corporate Strategic Plan objective to ensure Regional programs and services are efficient and effective and demonstrate accountability to the public under Strategic Focus Area 5, Service Excellence.

**Financial Implications:**

P2014-50 $376,629

Less: Municipal Rebate of 86.46% of HST (11.24%) (37,463)

Total $339,166

The proposal is based on a five (5) year term and two (2) additional one (1) year options at a total net cost of $339,166. The preliminary 2015 Water Services operating budget includes $200,000 for sludge disposal. Based on the recommended bid, the annual cost for scheduled backwash water sludge disposal is $44,393. The cost for emergency or unplanned disposal is estimated to be $25,440 for an annual total of $69,833. The remaining funds will be utilized for disposal of sludge at other sites not included in this contract.

Subject to Council approval work for this contract is expected to begin February 12, 2015.

Subject: P2014-52 Wheelchair Accessible Mini Buses

Recommendation:

That the Regional Municipality of Waterloo take the following action regarding the purchase of Wheelchair Accessible Mini Buses for Grand River Transit:

   a) accept the proposal of Overland Custom Coach (2007) Inc. for the supply of twenty (20) Wheelchair Accessible Mini Buses between 2015 and 2017 (with an option to extend for two one (1) year renewal options) based on a 2015 price per bus of $111,970.20 including all applicable taxes, with the quantity and price to be determined annually and subject to final Council approval in each of the three (3) years.

   b) approve the purchase of ten (10) Wheelchair Accessible Mini Buses in 2015 at a total cost of $1,119,702.00 including all applicable taxes; and

   c) approve an increase in the 2015 GRT Capital Budget of $70,000, to be funded from the GRT Vehicle Reserve.

Summary: Nil

Report:

Proposals were called for the supply of Wheelchair Accessible Mini Buses for a three (3) year period with two one (1) year renewal options, with ten (10) buses being purchased in 2015. Advertisements for this proposal were placed in The Record, on the Region’s web-site and on the Ontario Public Buyers Association web-site. Proposals were opened in the presence of L. Smith, A. Perrin and D. Schmidt.
The following proposals were received:

Crestline Coach Ltd.  Saskatoon, SK
Girardin Ontario Inc.  Brantford, ON
Overland Custom Coach (2007) Inc.  Thorndale, ON

*One other bid was disqualified.

Proposals were evaluated on the following criteria: price, delivery, compliance to specification and completeness of proposal. The submission from Overland Custom Coach (2007) Inc. received the highest overall score therefore staff is recommending the award of this contract to Overland Custom Coach (2007) Inc.

This purchase replaces one 2007 Ford bus, seven 2008 Ford buses, and two 2009 Ford buses. These vehicles are being replaced as each has reached or exceeded its life cycle expectancy. Overland Custom Coach is the only bidder that has units available for 2015 delivery. Failure to replace these buses in 2015 may result in additional costs to keep the existing buses safe and reliable. Due to the age, condition and mileage of the existing units, it is highly recommended that the units be replaced in 2015.

The multi-year procurement approach has been used successfully for the purchase of conventional Grand River Transit buses. The Region is adopting the same procurement approach for the wheelchair accessible mini buses in order to enhance the operational benefits of fleet standardization and provide a pricing advantage due to the longer term commitment. The quantity of buses ordered and the price will be determined annually subject to final Council approval. Pricing for the subsequent years’ purchases is not to exceed the Statistics Canada Consumer Price Index (CPI) for the preceding twelve (12) month period.

**Corporate Strategic Plan:**

Award of this contract meets the Corporate Strategic Plan objective to improve the accessibility of Regional programs and services to support our diverse community under Strategic Focus Area 5 Service Excellence.

**Financial Implications:**

Based on the supplier’s confirmed price to purchase buses for delivery in 2015, the cost to the Region for the supply of ten (10) Wheelchair Accessible Mini Buses is as follows:
P2014-52 $1,119,702

Less: Municipal Rebate of 86.46% of HST (11.24%) (99,951)

Total $1,019,751

The 2015 GRT Capital Budget includes $950,000 to be funded from the GRT Vehicle Reserve. The $69,751 in additional funding required, based on the award recommendation, can be accommodated from the Vehicle Reserve. A significant portion of this cost differential, when compared to budget, is the result of recent US$ exchange increases on the cost of parts passed on by the manufacturer.

The final date of acceptance for this proposal is February 15, 2015.

Subject: P2014-55 Building, Property and Mobile Security Services for Region of Waterloo

Recommendation:

That the Regional Municipality of Waterloo accept the proposal of Barber-Collins Security Services Ltd. for P2014-55 Building, Property and Mobile Security Services for the Region of Waterloo for a three (3) year term commencing March 1, 2015, at an estimated base price of $5,408,699.88 including all applicable taxes, with an option to renew for two (2) additional one year periods.

And that the Regional Municipality of Waterloo authorize Barber-Collins Security Services Ltd. to provide additional security services as requested by the Region included in the annual operating budget, currently estimated at $302,621 per year including all applicable taxes.

Summary: Nil

Report:

Proposals were called for the P2014-55 Building, Property and Mobile Security Services for the Region of Waterloo and were advertised in the Record, on the Ontario Public Buyers Association website and the Region’s website. Eleven (11) proposals were received and opened in the presence of P. Mercado, A. Lee, and A. Dooling. The proposals were evaluated on pre-determined technical criteria which included understanding and approach, experience, work plan, training, proposal quality, value added services and price. Following the qualitative evaluation, five (5) proponents were shortlisted and their price envelopes opened. The shortlisted proponents are:
Barber-Collins Security Services Ltd. Waterloo, ON
Garda Canada Security Corporation Hamilton, ON
G4S Security Hamilton, ON
Paladin Security Toronto, ON
Primary Response Inc. Toronto, ON

The proposal submitted by Barber-Collins Security Services Ltd. received the highest overall score.

For analysis and award purposes, the proposals were based on security services for an estimated number of hours at thirteen (13) Regional buildings. The buildings included in the proposal were: 150 Frederick, 99 Regina and 150 Main Street as well as the GRT Terminals and Garages, Mannheim Water Facility, Sunnyside Home, Operations Centre Campus, Region of Waterloo International Airport and Police Headquarters Building.

Throughout the year, security services as well as fire watch patrols, additional alarm response and emergency guard coverage are required at other Regional buildings. Accordingly, there is a need for flexibility to add and delete services on an as required basis. The preliminary 2015 operating budget is sufficient to accommodate all estimated security services including these additional buildings and services at rates set up in the recommended proposal.

Proponents were asked to propose an annual inflation increase to allow for raises for staff hourly wages which has also been incorporated into the overall cost noted in the proposal amount. Wording was included within the proposal document to state that the inflation increase is at the discretion of the Region and would be dependant upon the approved annual budget. The contract is for a three (3) year period commencing March 1, 2015 with the option to renew for two (2) additional one year periods.

Corporate Strategic Plan:

This proposal meets the Corporate Strategic Plan objective to deliver excellent and responsive services that inspire public trust under Strategic Focus Area 5 Service Excellence.
Financial Implications:

P2014-55 (3 year term) $5,408,700

Less: Municipal Rebate of 86.48% of HST (11.24%) (537,998)

Total $4,870,702

The cost for year 1 is estimated at $1,591,525 (net of HST rebate). Costs for year 2 and 3 will be adjusted for inflation.

The preliminary 2015 operating budget (property tax and user rates) for the applicable Regional Buildings is $1,864,044 for security services and is sufficient to cover the first year base estimated costs of $1,591,525 plus an estimate of $272,520 (net of HST rebate) for additional security services requested by the Region.

The final date of acceptance for this proposal is March 1, 2015.
