

Medical Professional Confirmation

The Region of Waterloo offers two programs to support residents with medical needs related to waste collection.

Medical Exemption Program

For residents who have medical needs that create extra garbage (for example: medical packaging, incontinence products, or unrecyclable medical waste).

Assisted Waste Collection Service

For residents living with a disability or physical limitation who need assistance placing Region-issued black garbage and green organics carts at the curb for collection and do not have someone available to help them.

Medical Professional Confirmation
