Re: Construction Update - Contract 2022-158, Highway 7/8 Pedestrian and Cycling Bridge, City of Kitchener

The Contractor has been constructing the bridge substructure and superstructure for this project.

The Contractor is ready to bring in the bridge to the assembly area off Chandler Drive. This assembly area will require a westbound lane closure and a detour via Elmsdale Drive until the end of **May** this year.

A graphic of the detour route is attached.

Thank you for your patience and understanding as we complete these infrastructure works.

Regards,
