

Construction notice:

Farmers Market Trail Stage 2

Waterloo

April 21–May 20, 2025

Northfield Drive/Parkside Drive intersection to the railway line behind the fire station

Notice date: April 21, 2025

About the project

The Region of Waterloo is adding to the Farmers Market Trail between the Northfield Drive/Parkside Drive intersection to the railway line behind the fire station. We will be installing lighting, building a new multi-use trail and connecting it to the existing trail.

Timing

Construction will be from April 21 to May 20, 2025

Closures

Northfield Drive and Parkside Drive will remain open during construction. There may be periods during construction when traffic will need to be controlled by staff onsite.

Pedestrian access

The sidewalks in this area will remain accessible during the project. Pedestrians should follow the signs as they walk through the site.

Property and business access

All businesses in the construction area remain open and accessible during construction. Every effort will be made to maintain access to residential and business driveways in the construction area during working hours (7 a.m.–7 p.m.). Construction activities may temporarily impact access to entrances. We will provide notice of any interruption in advance as much as possible.

Please plan for some delays and travel carefully in the construction zone. We request that when driving or walking through and around the construction zone you follow and obey the construction traffic signage for your safety and for the safety of the workers.

Restoration and landscaping

If your driveway or landscaping is damaged by construction, we will replace/reinstate it to pre-construction condition. We will take care of any sod that is replaced for 60 days. After 60 days, all sod maintenance and watering become the responsibility of the property owner.

Dust, mud and vibration

You may notice slight vibrations from the contractor's equipment during construction. All efforts will be made to minimize adverse impacts from construction including dust, mud and vibration.
